Healthcare and Life Sciences Guide to Data + Al Summit

JUNE 27-30 2022 | MOSCONE CENTER & VIRTUAL

The Future of Healthcare Is Personalized and Predictive With Data + AI at the Core

Welcome!

We're excited to have you join us at Data + Al Summit 2022. It's great to be back in person this year at the Moscone Center in San Francisco. This year's hybrid conference is packed with best practices, panel discussions, hands-on demos and customer stories to help you learn how data and Al are shaping the future of patient care and drug R&D.

Earlier this year, we launched the Lakehouse for Healthcare and Life Sciences to help organizations accelerate value with data and Al. By connecting the partner ecosystem with healthcare-specific solutions built on top of the Lakehouse, we've seen organizations unlock tremendous value for their patients and customers. To continue that momentum, we are bringing together leaders from across the healthcare ecosystem to share their best practices at Summit.

This Healthcare and Life Sciences Guide to Data + Al Summit is designed to help you get the most from your experience. We've organized an amazing lineup of sessions with industry leaders, including Providence Health, Optum, Regeneron, Walgreens, Cigna, Amgen, State of California Department of Health, and many more. We also are featuring a series of interactive solution demos to help you get started innovating with Al.

Take the time to network in person or through the virtual platform and ask any Databricks team members (Bricksters) questions — we are excited to help you! And be sure to check out the full agenda for the most up-to-date information.

We look forward to a compelling week of data and AI with you!

MICHAEL SANKY RVP and Global Industry Leader, Healthcare and Life Sciences

DATA+AI

SUMMIT 2022

Data + AI Summit 2022

HYBRID, JUNE 27-30, 2022

Attend virtually for free, or join us live at the Moscone Center in San Francisco

Register Now

Data + Al Summit is the global event for the data community, where practitioners, leaders and visionaries come together to shape the future of data and Al. This guide outlines specific tracks relevant to Healthcare and Life Sciences that you may be interested in. Get ready for four days packed with keynotes by industry visionaries, technical sessions, hands-on training and networking opportunities.

Data + Al Summit is hybrid this year — and it's easy to register <u>here</u>.

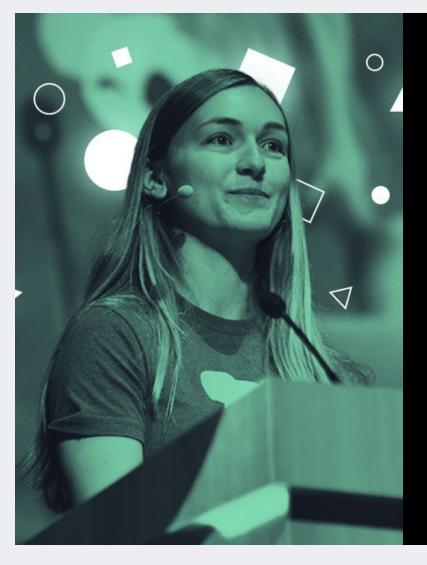

Top 5 reasons to attend DAIS

- 1 Learn best practices from thought leaders like Amgen, Providence and Cigna that have already successfully achieved business outcomes with data and Al
- 2 Gain insight on practical applications of advanced analytics for payers, providers and pharma organizations
- 3 See how the Lakehouse for Healthcare and Life Sciences is changing patient care – one byte at a time
- 4 Network with other data and Al leaders and practitioners
- 5 Stop by our Healthcare and Life Sciences Lounge to meet Databricks industry experts and see partner demos

Create Your Own Experience

We hope you enjoy the program we've put together for Healthcare and Life Sciences professionals – this content is **curated and presented by** leading experts from health payers, providers and pharmaceutical organizations.

This guide is designed to help Healthcare and Life Sciences attendees plan their experience and identify events of interest. It is intended to complement the full Data + AI Summit website and in-app experience.

HEALTHCARE AND LIFE SCIENCES FORUM

Learn from the most innovative data leaders with keynotes and panel discussions featuring Walgreens, Optum, Regeneron and Providence Health

2 BREAKOUT SESSIONS

Deep dive into specific topics and technical sessions with a leading expert from your field who has tackled the data and AI problems you are looking to solve

3 INTERACTIVE DEMOS

Join an interactive Solution Accelerator demo for popular use cases including interoperability, patient analytics, NLP for medical documents, drug discovery and more

INDUSTRY LOUNGE

Connect with Databricks Healthcare experts, partners, technical leaders and other attendees in our dedicated lounge space for demos and networking

All Things Healthcare and Life Sciences at Summit

Use this section to schedule and design your Summit experience around Healthcare and Life Sciences and our **industry forum**, **breakout sessions**, **interactive demos** and **networking lounge**.

Mainstage Keynotes

Don't miss these Healthcare and Life Sciences customers featured on the main stage:

Healthcare and Life Sciences Industry Forum

WEDNESDAY, JUNE 29 | 3:30 - 6:00 PM PT

LOCATION: MOSCONE SOUTH, ROOM 303

Join us for our most popular industry event, featuring customer keynotes with thought leaders from some of the biggest global brands. Hear firsthand how they are unlocking the power of data and AI to deliver real-time patient insights and predictions, accelerate R&D, and provide equitable and impactful care.

FEATURED SPEAKERS:

REGENERON

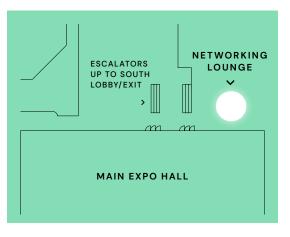

Healthcare and Life Sciences Industry Lounge

TUESDAY, JUNE 28 | 10:00 AM - 9:00 PM PT

WEDNESDAY, JUNE 29 | 10:00 AM - 7:00 PM PT

LOCATION: EXPO LEVEL 1, OUTSIDE MAIN HALL

Connect with Databricks Healthcare and Life Sciences experts, partners, technical leaders and other attendees in our dedicated lounge space for informal discussions and networking. Learn about how Databricks and our partners collaborate with industry leaders to innovate and transform operations with data and Al across the industry.

Breakout Sessions

We have a full agenda of Healthcare and Life Sciences talks taking place at Data + Al Summit. See which ones best fit what you're looking for — or explore a new area of interest.
